

# Putting people in focus

AccessEAP is an Australian owned and not-for-profit organisation with almost 30 years in the EAP/Workplace Wellbeing industry. We develop and refine best practice from a diverse experience base across the broad range of industries that we work with. Our Vision, Mission and Values underpin our strong commitment to putting people in focus.

## VISION

All workplaces have mentally healthy employees.

## MISSION

To create a thriving workplace, we partner with each customer to promote, recognise and effectively manage the mental health of every employee. This enables support to vulnerable families.

## VALUES

### Respect

We embrace diversity and actively listen to different perspectives.

### Curious

We look for creative ways to simplify, work smarter and recognise that our passion drives success.

### Integrity

We can be trusted for doing what we say we will do.

### Collaborate

Together, we learn, grow and celebrate our achievements.

### Accomplish

We act with compassion and positive intent to meet the expectations of our customers.
